PRESS RELEASE

August 3, 2005, Düsseldorf

Acceptance certificate for SMS Meer

Successful commissioning of vertical compact coiler system for Acciaierie di Sicilia

Acciaierie di Sicilia, Catania, Italy, has issued the acceptance certificate to SMS Meer S.p.A., Italy, for the successful final acceptance of the new Vertical Compact Coiler system – VCC™. The coiler winds rebars and plain rounds into coils.

Successful performance tests with different products and the good start-up curve of the system led to the successful commissioning.

The new coiler system has a capacity of 80 tonnes per hour with its design speed of 36 meters per second, and is able to wind coils of up to three tonnes in weight.

SMS Meer S.p.A. forms part of the Tube, Long Product and Forging Technology Business Area of the SMS group.
