SERVICE worldwide

OEM SPARE PARTS SERVICE

More reliable, durable and innovative

ORIGINAL QUALITY

When plant sections are subject to maximum load during continuous operation, there is only one option: Original quality from the manufacturer. The OEM spare parts from SMS Meer offer you reliability, long service life and best value.

Our spare parts take into account the latest technical developments and product improvements, thus making a decisive contribution to the performance of your plant.

We provide you with extensive and competent advice on how you can ensure long-lasting plant availability for the future. Should you so desire, we can do this directly on site.

OUR SERVICE

- High-quality OEM spare parts
- Warranty on all parts
- Staged contracts for spare parts delivery
- Stock-keeping concepts
- Repair of spare parts
- Technical advice with manufacturer know-how

OEM spare parts service is becoming increasingly important for customers. More than 30,000 spare parts sold each year speak for us. So you too should decide in favour of SMS Meer!

YOUR ADVANTAGES

- Safeguarding of plant availability
- Guarantee of performance
- Avoidance of plant failures
- Technical assistance when installing spare parts
- Optimisation of the ordering process by concluding a staged contract
- Discount agreement for bulk purchases

REASONS FOR CHOOSING THE SMS MEER SPARE PARTS SERVICE

- Manufacturer know-how
- Already integrated innovations
- Optimum service lives for spare parts
